FEATURES

CONFIDENCE. With a robust data repository, you can quickly determine the vendors you want to onboard.

TAKE A CLOSER LOOK

- License status with disciplinary action
- FHA Certified
- CoreLogic | FNC Appraiser Score

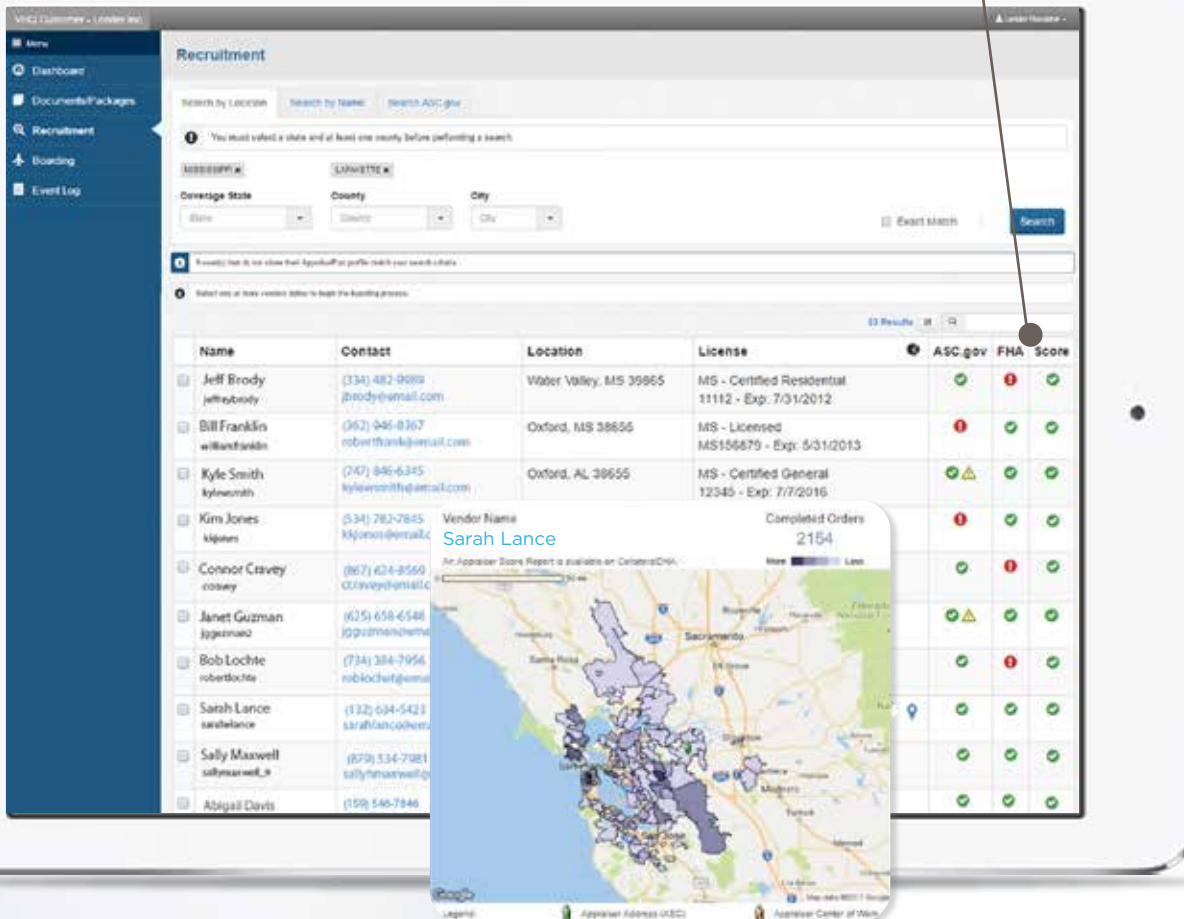

EFFICIENCY. More efficient vendor onboarding and recruitment.

Vendor Headquarters, available through CoreLogic | FNC's Collateral Management System (CMS®), streamlines vendor panel activities by:

- providing centralized on-hand appraiser contact information
- license information and license verifications
- disciplinary actions
- document submittal and review process
- Appraiser Score availability for past performance

COMPLIANCE. Onboard and select vendors with a consistent and transparent process.

- assists vendor management staff in making quick and informed decisions
- aids in the exchange of transparent correspondence and document storage
- quick, standard approval process
- audit trail of communications

NEED TO BOARD A VENDOR?

Now, you can enjoy a more efficient vendor management process while decreasing runtime for recruitment and boarding:

- Seamless integration with CMS
- Search extensive repository for vendors
- Request documentation for approval
- Easily review documents submitted by vendors
- Automated transfer of files and vendor information to CMS

...it's all here.
