

APPRAISAL XCELERATOR™

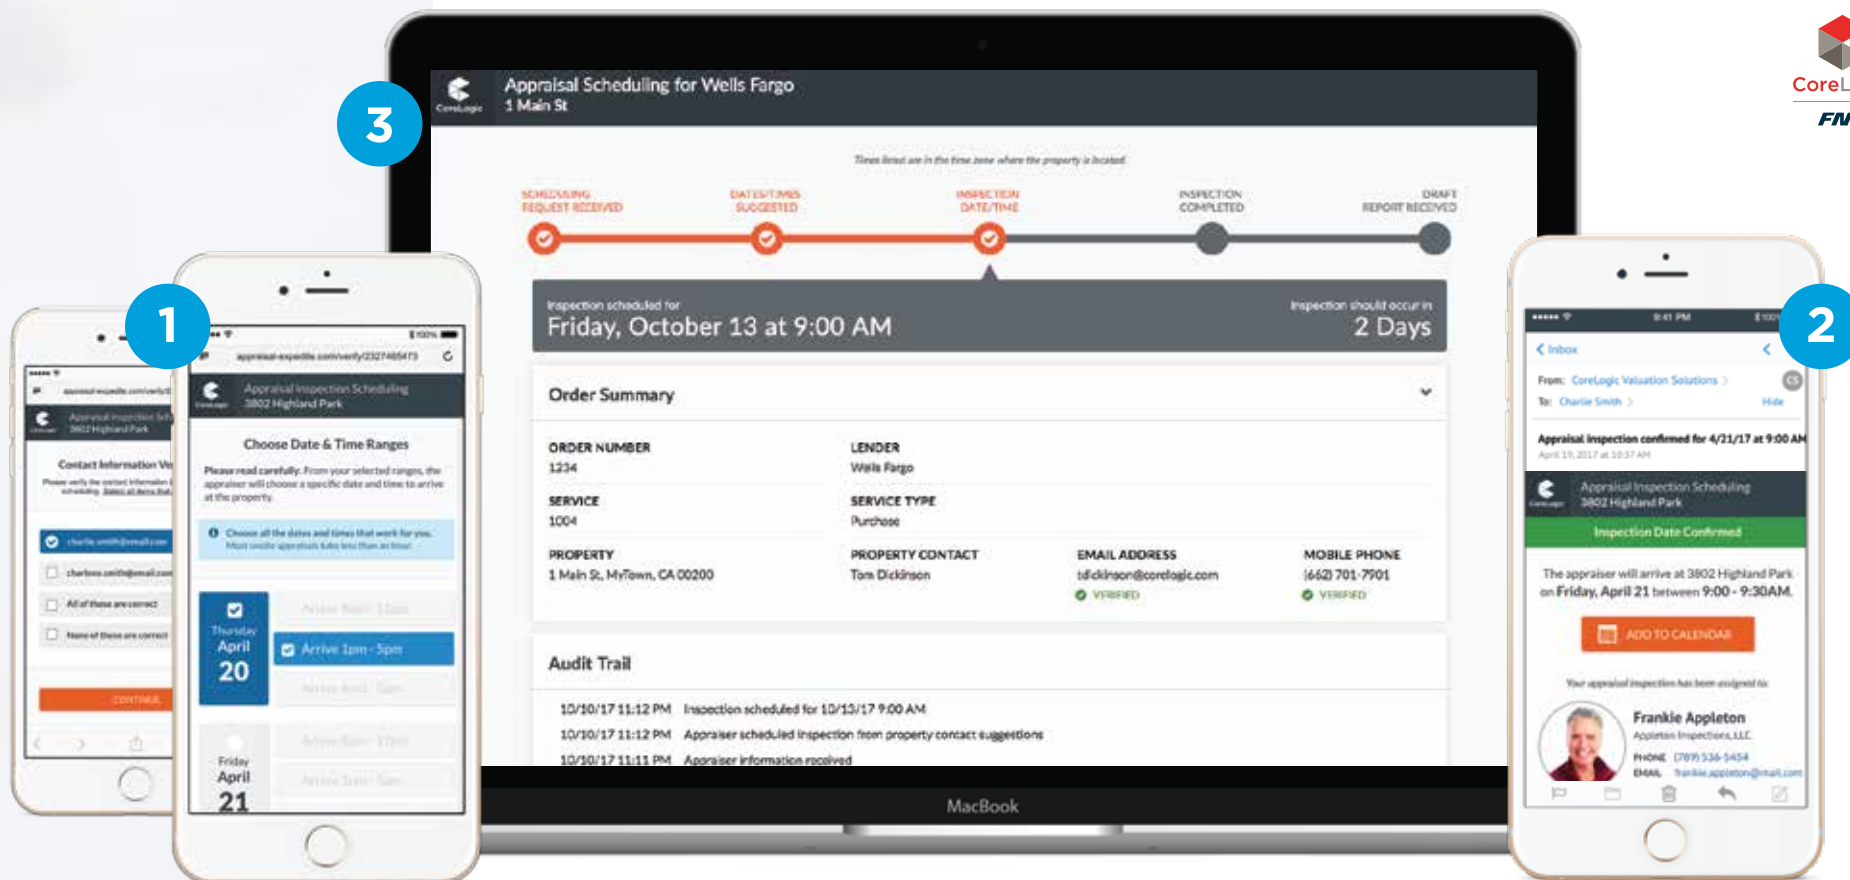

Reduce appraisal cycle time by engaging borrowers, real estate agents and builders early in the lending process, while providing greater visibility to appraisal status. Now customers and appraisers can collaboratively set appraisal appointment dates and times, without having to download any new applications to assist with the process.

CoreLogic®

FNC

CONNECT. *Xcelerate appraisal cycle times and cut days out of the closing process.*

NEED QUICK SCHEDULING INFO?

Now, get the first half of the scheduling conversation before the appraiser views the appraisal order.

- Proposes date and time for appointment
- Effortless, no change to current process
- No application needed
- Configurable and transparent

...it's all here.

- 1 SCHEDULE.** Borrowers can immediately confirm contact information and request inspection dates that fit their schedules.
- 2 CONFIRM.** Appraisers receive requested inspection times and can work the most appropriate time into their work schedule without any 'phone tag'.
- 3 TRACK.** Loan officers can keep up with status of the appraisal from any network or mobile device.
